

Government Construction Experts

Advanced Training with Doug Reitmeyer

Name

Marc Donnot

Final Day: Time

4:00

Alright! You made it through all 3 days! Please take a couple minutes to let us know how we did.

1. How did you get along with your fellows? Did you make any valuable connections?

Excellent, Yes Networks ARE forming

2. How did you like the class size? Too big? Too small? Just right?

Please explain:

Very relaxed atmosphere easy to learn

3. How about the length of the workshop? Was 3 days too much? Not enough? Should we have split the class into 2 or 3 parts? Just right?

4. Did you like the training facilities? Do you have any thoughts on how we might improve the learning environment?

Great Environment

5. If you were asked the value of this program in relationship to the investment you made to join us the past three days, how would you describe the value in ratio terms? (1 to 1 would mean your investment was of equal value to the content and 5 to 1 would mean the content was worth 5 times your investment to you)

Value to Investment Estimate:

A true investment for future

6. Any other comments, thoughts, questions and/or suggestions? AS WE COMMUNICATE I'll tell you when I buy my house in Monterey on the course

Add role play, as it patterns us to remember more

We are thrilled you could attend. We trust that the training, shared experiences, templates, and tools like BidTrakker will help you accelerate your business success.

Be Exciting and Do Your Part to Help Keep America Great!

Name Mark Tomt

Day Tues Time 12:00

Your participation is the most important part of this Workshop. Your answers will help us support you and make our future workshops even better.

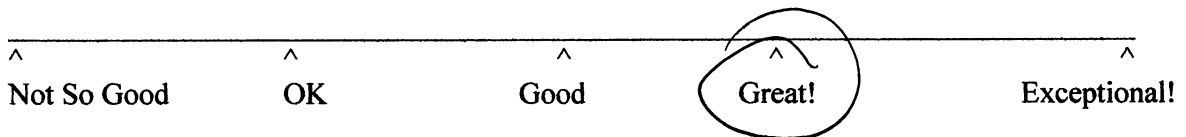

1. In this last session, what did you like the most?

Communicator is the response that you get

2. What do you wish we had spent more time on?

Creativity

3. How valuable were the last few hours? (put a mark anywhere along the line below)

4. Any other comments, thoughts, questions and/or suggestions? (feel free to write on the back if you need more space)

Extreme productivity how it ties into High Performance, Learning to delegate giving the responsibility to a team and isolation of that team to get the project accomplished. Process as people to profit makes all the sense.
